

Redbourn Classic Car Show & Village Fete 2025

Volunteer Briefing Document

Role	Event Setup – Setup Signage
Date/Time	Saturday 30th August 0900-1100
Team Leader	Control Point
Version	v1

Signage will be affixed to the perimeter fence first, before moving onto the pedestrian entrance gates and public parking areas. Finally we have A-Boards which will need collecting from the stage and moving to Public Car Parks 3 and 4.

We will have a supply of wide Sellotape, string, scissors, and a stapler for fixing signage to tables and gazebos, however you may wish to bring your own scissor or snips as the cable ties are difficult to cut if any signs need to be moved.

Thank you in advance for your support – the event simply wouldn't be possible without it!

**PLEASE ALSO FAMILIARISE YOURSELF WITH THE SECURITY BRIEFING WHICH
ACCOMPANIES THIS DOCUMENT**
